 - o Employee Self Assessments

A Level I Evaluator is an employee trained to evaluate and train your employees with no or low discomfort, new hires and others with ergonomic concerns. A Level I evaluator assures safe workstation set up and makes appropriate recommendations to prevent ergonomic injuries.

The Worksite International Level I System Includes :

1. Power Point: Level I "Train the Evaluator" one day workshop.
 2. Trainer's Workbook
 3. Participant Workbook
 4. Level I Ergonomic Evaluation – Individual Employee Workstation Evaluation
 5. Easy Guide to Conducting a Level I Ergonomic Evaluation
 6. Level I Evaluation Tool: 7 Common Anthropometric Measures
 7. Office Workstation Model
 8. Four Steps to Setting Up the Office Workstation
 9. Test Your Knowledge So Far
 10. Office Workers' Do's and Don'ts
- And more....

License Agreement Terms apply. Users must sign a license agreement to purchase and legally use the CDROM system. You may not rent, lease, or transfer the Software or any copies of the Software to others. You may not make any changes or modifications to the training content of the Licensed Materials without written consent of Worksite International unless otherwise stated in the license agreement.

Alison Heller-Ono
President/CEO

About The Author – Alison Heller-Ono MSPT, CDA, CIE, CPE

Alison Heller-Ono is the President /CEO of Worksite International since 1993. Alison combines her M.S. in Physical Therapy with her expertise as a Certified Industrial Ergonomist, Certified Professional Ergonomist and Certified Disability Analyst. She is a nationally and internationally recognized speaker, author and trainer specializing in train the evaluator methods, ergonomics process development and work injury management through ergonomics. In 2002, she launched a national training program for rehab and safety professionals who are interested in becoming a part of the Worksite International Network (WIN) of Ergonomic Service Providers. The training program earned the prestigious **5 Star Seal of Ergonomics Excellence** from the Oxford Research Institute (2002-2006). Worksite International provides consultation, training and analysis to employers to help prevent and manage work injuries more effectively. Mrs. Heller-Ono is currently the Ergonomics Manager at the County of Monterey and continues to manage Worksite International, Inc. in her personal time.

Here's what others are saying about Ms. Heller-Ono's professional ergonomics training courses:

- o "Alison brought a wealth of information".
- o "Excellent hands-on practice".
- o " Very useful systematic approach with the forms."
- o "Practical approach with many and needed material references to do worksite prevention/evaluations".
- o "Presenter obviously very knowledgeable."
